Dear Law Enforcement Official:

It is my pleasure to present to you the Summer/Fall 2016 Middlesex County Police Training Center Course Catalog which is provided on behalf of the Middlesex County Prosecutor's Office, the Middlesex County Board of Chosen Freeholders, and the Middlesex County Association of Chiefs of Police. This catalog is the result of the dedication of the members of the MCPO and others to provide quality training and education to the honorable men and women of law enforcement.

The range of course offerings addresses the training needs of police personnel who are equipped with varying degrees of experience and skill. The catalog provides a wide variety of courses in such areas as tactical skills, investigative techniques, ethics, and interrogation and interview techniques.

With multiple classrooms outfitted with high-tech audio-visual equipment, a FATS machine (firearms training simulator), driving simulator, ample parking, and a central New Jersey location, the Middlesex County Police Training Center is the optimal location to provide quality classroom training to law enforcement. Furthermore, the Middlesex County Police Range is located nearby. In addition to providing valuable hands-on firearms training, the range has on-site temperature-controlled trailers which can be used for classroom instruction throughout the year.

We are grateful to the Middlesex County Board of Chosen Freeholders for their continued financial support which allows us to offer state-of-the-art training opportunities taught by experienced and knowledgeable instructors. We encourage members of the law enforcement community to take advantage of these opportunities in order to best serve the community, and ensure and maintain the safety and security of all citizens of Middlesex County.

Very truly yours,

ANDREW C. CAREY
Middlesex County Prosecutor

MIDDLESEX COUNTY POLICE TRAINING CENTER

DOCUMENT FRAUD FOR LAW ENFORCEMENT OFFICERS

This course will assist law enforcement (Patrol Officers as well as Detectives) with training that will enhance their ability to recognize and identify the universe of identity-related documents issued by and relied upon by the MVC and the factors that motivate fraudsters. With emerging technology it has become increasingly difficult to identify fraudulent documents. Students will learn what tools are available to assist them in identifying counterfeit documents by providing "hands on" training and experience in the recognition of fraud as it pertains to documents such as: driver licenses, green cards, passports, birth certificates and social security cards. Participants will learn the newest trends in counterfeiting of drivers licenses by "on-line" manufacturers, which has become increasingly common due to the ease in obtaining access to technologies. This course will also review counterfeit as well as genuine NJ inspection stickers, temporary registrations and certificates of title.

In addition, this class will review facial recognition technology as it is used by the Motor Vehicle Commission on all images captured as well as the process that is used with the submission of a photo for a "manual upload". This course will inform students of a cutting edge investigative tool available at the New Jersey **R**egional **O**perations **I**ntelligence **C**enter (ROIC). Known as the "Facial Recognition Initiative", this technology utilizes the **P**hoto **I**maging **M**ugshot **S**ystem maintained in the New York/New Jersey "HIDTA" program. The repository consists of images from arrested individuals submitted by various law enforcement agencies from New Jersey, New York and Pennsylvania. Currently, MVC staff highly trained in the field of facial recognition has been assigned to the ROIC to assist in this endeavor. Along with the instruction, the students will receive reference material to assist in investigations.

MIDDLESEX COUNTY PROSECUTOR'S OFFICE **TACTICAL HANDGUN TRAINING CHALLENGE**

On Saturday, September 17, 2016, the Middlesex County Prosecutor's Office will host the Tactical Handgun Challenge at the Police Range in Keasbey, NJ.

Superior firearms training will mean the difference between life and death for a law enforcement officer faced with a deadly force situation. The event will enhance a shooter's skill set and training through timed fire stages involving accuracy, movement, speed and decision making while under the stresses of competition.

The Challenge will include six different courses of fire. Courses of fire will be broken down into three categories: speed, accuracy and decision making. Each course will be relevant to what a Law Enforcement Officer may encounter during their daily duties.

Scores will be kept for each course of fire. Awards will be given at the end of the day for high score Top Shot (in county municipal competitors), high score Top Shot (State/Federal agencies competitors), and Top Shot Team (combined score of two competitors from the same agency who entered as a team). Team competitors are also eligible for individual Top Shot awards.

Date: September 17, 2016

Time: 8:00a.m. – 4:00p.m.

Cost: Free

Location: Middlesex County Firearms Range, 40 Crows Mill Rd. Keasbey NJ

Required Equipment: Duty handgun (no race/competition guns), holster, minimum 3 magazines, 250 rounds of ammunition, eyes, ears and range attire for a full day.

CONDUCTED ENERGY DEVICE (CED) END USER COURSE

TIER TWO AND TIER THREE

In October of 2011, Attorney General Paula T. Dow authorized police departments in New Jersey to purchase and deploy Conducted Energy Devices (CEDs). Attorney General Dow developed the policy for CEDs and approved a training program for law enforcement officers throughout New Jersey. Representatives from state and county law enforcement agencies throughout the state have received training to train end users on how to effectively operate the TASER X2. The TASER X2 is the approved CED, which is manufactured by Taser International, Inc. and on the New Jersey Conducted Energy Device (CED) Certification Course which includes instruction on the Use of Force. **CLASS SIZE IS LIMITED TO 20 PARTICIPANTS. MIDDLESEX COUNTY ONLY!!! ONLY TWO PER DEPARTMENT**

TIER ONE

The first component of this training program is the online training component available to New Jersey law enforcement through NJ Learn (maintained by the New Jersey Office of Homeland Security). A certificate will be issued upon successful completion of this component. Officers must successfully complete the NJ Learn component regarding Conducted Energy Devices prior to participating in the tier two and tier three training. Officers must provide a copy of the certificate, from this NJ Learn training, to the training center prior to attending tier two and tier three training.

TIER TWO

The tier two component involves obtaining certification from the manufacturer of the TASER X2, Taser International, Inc. This course of instruction is a minimum of six (6) hours of training which is a requirement for new TASER X2 end users. Students will be provided the theory and practical training necessary to reasonably, safely and effectively operate the TASER X2, Conducted Energy Device (CED).

TIER THREE

The tier three training is the New Jersey Conducted Energy Device (CED) Certification Course, which is required for all law enforcement officers who are authorized in writing by their respective agency heads to carry and use a CED in the performance of their official law enforcement duties. The tier three component is a one-day training of classroom instruction on the Attorney General's Policy on Use of Force and, in particular, the Attorney General's Revised Supplemental Policy on CEDs, and a practical block demonstrating proficiency in the use of the device.

Prerequisite: Completion of the NJLearn component on Conducted Energy Devices (CEDs) (Tier One)

EXPERT WITNESS TESTIMONY

Do you like doing forensic expert work but dread the thought of going to court? Is the court getting as much as it should from your expert evidence? Being a skillful expert does not automatically make you a good expert witness. Giving compelling and effective expert testimony requires training and practice. The courtroom will be less intimidating and you will be a better witness if you are prepared and have effective strategies at the ready. This course is designed to teach you what to expect in court, what your role is and how to make the most of testifying. Having important information to give is not enough; you must also be able to effectively communicate that evidence to the jury, lawyers and judge. Practical in format, this course will help you to become an effective witness and a true contributor to the administration of justice.

In this course, we cover topics that are essential to understanding your role as an expert witness. Topics to be covered include:

- Essentials of trial procedure
- Preparing for court
- Becoming qualified as an expert witness
- Role of the expert witness
- Knowing your limits as an expert witness
- Expert witness bias
- Testimonial do's and don'ts
- Handling direct and cross-examination
- Understanding common cross-examination strategies and how to work with them
- How to give effective and convincing testimony
- Keys to effective communication with the jury
- Role of the prosecutor, defense attorney and judge in the presentation of evidence

SEMINAR ON ADVANCED CRIMINAL

INTERVIEW & INTERROGATION TECHNIQUES

The purpose of the WZ Seminar on Advanced Criminal Interview & Interrogation Techniques is to offer participants, who have attended an introductory interview and interrogation course, the opportunity to further enhance their techniques.

Participants will obtain training in the latest and most powerful advanced interview and interrogation techniques. This seminar utilizes practical exercises, using underlying psychological principals to improve your ability to obtain legally acceptable confessions.

This seminar allows participants to work through actual case studies applying multiple interview and interrogation, including Positive Confrontation, Behavior Analysis Interview, Cognitive Interviewing, Enticement Questions, Factual Accusations and the WZ Non-Confrontational Method. The non-confrontational approach to interviewing and interrogation has been recognized for the way it produces faster and more accurate results. In many cases, admissions are achieved without the suspect ever making a denial or protesting his innocence.

The seminar participant will review and practice reading of verbal and non-verbal behavior to become more effective at obtaining admissions in homicide cases. The course includes a comprehensive overview of a variety of non-confrontational interview and interrogation techniques to overcome the resistance of a capital offense suspect.

Standardization Training
November 14-18, 2016
Middlesex County Prosecutor's Office Training Center**

Background: Please allow this communiqué to refresh the training components of this standardization undertaking. I have fielded several questions from agency executives as well as their respective training coordinators. To adequately train at the "train the trainer" level the student to instructor ratio must remain manageable. **This initial standardization is slotted for one (1) officer from each member agency. This brings the class size to thirty (30), which is relatively large for a Senior (Train the Trainer) level course that covers two separate and distinct curriculums and an additional Oleoresin Capsicum (OC) Instructor Course.**

I am aware of the need for many agencies to add more than the additional one (1) Senior Instructor, this same of course of instruction will be offered multiple times in 2017 to accommodate each agencies training needs. I ask for your patience and understanding as this project takes foothold and we begin the building blocks of training success. Rest assured that all member agencies will have their training cadre's filled with enough Senior Level Instructors. I have planned to run this course as many times as necessary to fill each agency's needs.

Please select and schedule the best candidate for this extensive training week as the final product will be the model for your officers/students. Please remember that once your officer successfully completes this training seminar; he/she will be able to certify as many instructors as your agency requires in both the Monadnock Expandable Baton Course (MEB) and the Monadnock Defensive Tactics Course (MDTS).

If there are any further questions please contact me direct at (732) 803-7923.

Thank you for support!

CONDUCTED ENERGY DEVICE (CED) END USER COURSE

TIER TWO AND TIER THREE

In October of 2011, Attorney General Paula T. Dow authorized police departments in New Jersey to purchase and deploy Conducted Energy Devices (CEDs). Attorney General Dow developed the policy for CEDs and approved a training program for law enforcement officers throughout New Jersey. Representatives from state and county law enforcement agencies throughout the state have received training to train end users on how to effectively operate the TASER X2. The TASER X2 is the approved CED, which is manufactured by Taser International, Inc. and on the New Jersey Conducted Energy Device (CED) Certification Course which includes instruction on the Use of Force. **CLASS SIZE IS LIMITED TO 20 PARTICIPANTS. MIDDLESEX COUNTY ONLY!!! ONLY TWO PER DEPARTMENT**

TIER ONE

The first component of this training program is the online training component available to New Jersey law enforcement through NJ Learn (maintained by the New Jersey Office of Homeland Security). A certificate will be issued upon successful completion of this component. Officers must successfully complete the NJ Learn component regarding Conducted Energy Devices prior to participating in the tier two and tier three training. Officers must provide a copy of the certificate, from this NJ Learn training, to the training center prior to attending tier two and tier three training.

TIER TWO

The tier two component involves obtaining certification from the manufacturer of the TASER X2, Taser International, Inc. This course of instruction is a minimum of six (6) hours of training which is a requirement for new TASER X2 end users. Students will be provided the theory and practical training necessary to reasonably, safely and effectively operate the TASER X2, Conducted Energy Device (CED).

TIER THREE

The tier three training is the New Jersey Conducted Energy Device (CED) Certification Course, which is required for all law enforcement officers who are authorized in writing by their respective agency heads to carry and use a CED in the performance of their official law enforcement duties. The tier three component is a one-day training of classroom instruction on the Attorney General's Policy on Use of Force and, in particular, the Attorney General's Revised Supplemental Policy on CEDs, and a practical block demonstrating proficiency in the use of the device.

Prerequisite: Completion of the NJLearn component on Conducted Energy Devices (CEDs) (Tier One)

CONDUCTED ENERGY DEVICE (CED) END USER COURSE **TIER TWO AND TIER THREE**

LAW ENFORCEMENT TRAINER (L.E.T.) OPERATORS'*

The Training Center offers twenty-four hour training with the use of the Law Enforcement Trainer. In August 2013, the Middlesex County Chief's of Police Association purchased a new Law Enforcement Trainer. Those departments currently enrolled as members of the Middlesex County Law Enforcement Trainer (L.E.T.) are afforded the opportunity to certify operators on the new equipment as well as utilize the system for supplemental firearms training for problem/difficult shooters. Every department must participate in the training before the department can use the equipment.

*Formally referred to as F.A.T.S.

DRIVING SIMULATOR OPERATORS'

The Training Center offers twenty-four hour training with the use of the Driving Simulator. Middlesex County agencies have the opportunity to train individuals to operate the Doron 550 LE Driving Simulator. Those departments currently enrolled as Driving Simulator users are given the opportunity to certify operators as well as utilize the system for supplemental training for problem drivers. Every department must participate in the training before the department can use the equipment. Completion of operators' training will allow participating agencies the opportunity to schedule and conduct their own driving simulator training at the Training Center.

TRAINING FOR THE DRIVING SIMULATOR AND FATS SYSTEM will be scheduled on an as needed basis. Agencies interested in training their personnel to operate the driving simulator/FATS machines should contact John Kruszka at 732-650-6705. Training will take approximately 3 hours with one hour utilized for instruction and 2 hours for newly trained operators to familiarize themselves with hands on operating of both.

NJ LEARN LEARNING MANAGEMENT SYSTEM INFORMATION

NJ Learn is a complete Learning Management System, managed by the Office of Homeland Security and Preparedness, at no cost to State, County, and Local First Responder Agencies. It is available to sworn Law Enforcement officers, certified Emergency Medical Technicians, and Level one certified Firefighters. Its capabilities include web accessible Standardized Training of Online courses, Course Catalog Registration process, a Digital Resource Repository, Communications capability, and a Reporting Management System.

Permission based, users can request and take courses, tests, and surveys. The designation of supervisor in NJ Learn is generally given to agency training officers; specifically those who will manage user accounts in NJ Learn for others from the same jurisdiction. Supervisors can manage requests and approvals, course assignments, and training records of users assigned to them. Users are assigned to, and managed by one NJ Learn supervisor at a time. A supervisor cannot manage their own account.

Any user can be assigned the supervisor permissions. The training for those permissions is composed of an introduction to NJ Learn and its capabilities, demonstration of the supervisor functionality, and hands on training in those functions. Sessions run about four hours, and class size is generally limited to (16) and under.

If you have any additional or specific questions, feel free to contact:
Nicole Ducca 732-650-6701.

BLOODBORNE PATHOGENS

The following Bloodborne Pathogens Training meets the Federal Occupational Safety and Health Administration (OSHA) Standard, 29 CFR 1910.1030, which was adopted by the New Jersey State Public Employees Occupational Safety and Health (PEOSH) Program. Training must be provided at the time of the emergency responder's initial employment and at least annually thereafter.

The standard requires that emergency responders have access to a qualified trainer while taking on-line training to allow for interactive questions and answers, if needed. This requirement can be met via telephone contact or through email only if the trainer is available to answer emailed questions at the time the questions arise (e.g., live chat). It is the responsibility of each department's/agency's chief executive to provide their members with the name, contact information and work hours of the qualified trainer designated to assist with any questions.

The standard also requires that emergency responders are provided with an explanation of the department's/agency's written exposure control plan, as well as the means by which members can obtain a written copy. It is the responsibility of each department's/agency's chief executive to provide this information to its members. It is critical that each emergency responder knows what to do in the event of an exposure and to be able to articulate their department's/agency's exposure control plan.

If the emergency responder has questions relating to any training or modifications made to existing procedures, they should consult with their designated qualified trainer, supervisor, and/or appropriate legal advisor.

MANDATORY IN-SERVICE LAW ENFORCEMENT TRAINING THROUGH NJ LEARN

DOMESTIC VIOLENCE

The purpose of this program is to provide law enforcement officers with a general overview of laws and policies in the State of New Jersey. Taking this course satisfies the four-hour requirement annual domestic violence training requirements set forth in N.J.S.A. 2C:25-20. However, County Prosecutors may require police officers to participate in additional domestic violence training.

HAZARDOUS MATERIALS

This is the 2016 Hazardous Materials Awareness Refresher on-line training. This course serves as refresher training for the first responders at the awareness level, but can be used for other response levels. This refresher training is NOT a substitute for the primary Hazardous Materials Awareness course, and only satisfies an awareness level response refresher.

DEVELOPMENTAL DISABILITIES (REVISED 2016)

This course was revised in 2016. Consistent with state statute, this course was developed with the purpose of informing emergency responders of the risks associated with autism or an intellectual or other developmental disability, as well as providing instruction in appropriate recognition and response techniques concerning these disabilities.

About our Program

The Middlesex County Crime Stoppers Program began in 2011 as a result of the efforts of the Middlesex County Prosecutors Office, Retired New Brunswick Police Director Anthony Caputo (Chairman) and the Middlesex County Chiefs of Police Association. Our Program now operates as an independent organization. The concept has developed into a combination of efforts by local media, businesses, civic and social clubs, law enforcement agencies, and the public. Donations of airtime, newspaper space, and reward monies have established Crime Stoppers as an effective tool to fight crime in the area.

Mission Statement

Crime Stoppers is comprised of diverse, active and dedicated community representatives. Crime Stoppers provides a method for local law enforcement to receive information on crimes. These efforts increase tips, which in turn increase arrests in our community.
